The Must-Have Elopement Essentials

A QUICK GUIDE & CHECKLIST TO ENSURE YOUR DAY IS UNFORGETTABLE

Hi there, beautiful couple!

I'm Gaby!

I'm your future destination elopement photographer, adventure buddy, and favorite third wheel! I'm based in Orlando, Florida, and a traveler to beautiful International Destinations to capture stories. I'm here to help you create an authentic elopement experience, from location to ceremony to photos.

Congratulations on Choosing to Elope!

Elopements are intimate, meaningful, and unique celebrations of love. To help you navigate the planning process, I've created this guide to highlight the key essentials you'll need for a perfect elopement—whether you're saying "I do" in the heart of the Dolomites, in the red rocks in Arizona, or anywhere in between.

This is just the beginning of the Adventure of Your Life

The Must-Have Checklist

☐ An Authentic and Meaningful Location

- **What you need:** A meaningful location that resonates with you both as a couple.

- **How to choose:** Consider what makes you feel connected—whether it's a beach, mountain, or forest, pick a place that speaks to your hearts.

- **Tip:** The location doesn't have to be grand, just personal.

☐ A Skilled Elopement Photographer (Hi there!)

- **What you need:** A photographer who captures your love story authentically and naturally, and knows how to help you plan your adventure.

- **How to choose:** Find someone who connects with your vision and seamlessly guides you through the day.

- **Tip:** The right photographer will feel like a friend, make your day stress-free, and ensure you have memories and an experience that last a lifetime.

☐ Your Ceremony

- **What you need:** A ceremony that reflects who you are.

- **How to choose:** You can have a professional officiant, a loved one, or even self-solemnize if the location allows.

- **Tip:** Personalize your vows and the ceremony to make it uniquely yours—this moment belongs to you alone.

The Must-Have Checklist

☐ Attire That Reflects Your Style

- **What you need:** Outfits that make you feel comfortable and beautiful.

- **How to choose:** There’s no need for traditional wedding wear—go for what makes you feel at your best!

- **Tip:** Think about practicality for your adventure—if you're in a mountainous region, consider attire that moves with you.

☐ Flowers & A Bouquet

- **What you need:** Simple yet beautiful florals.

- **How to choose:** Local, seasonal flowers work best. Keep it simple but meaningful—your bouquet adds beauty and charm to the day.

- **Tip:** Even a small, wild bouquet can elevate your photos and ceremony.

☐ Permits and Legal Documents

- **What you need:** Check if any permits are required for your chosen location.

- **How to choose:** Make sure to have all your paperwork ready, including your marriage license.

- **Tip:** Don't worry about feeling lost—once you book, I’ll guide you through it so you can make sure everything’s in place!

The Must-Have Checklist

☐ Celebration Details & Personal Touches

- **What you need:** Small, meaningful details like popping a champagne, letter exchange, or private celebration.

- **How to choose:** Plan for something that feels right for you, whether it's a special gift exchange or a quiet picnic.

- **Tip:** Let these personal touches show in your photos—they'll make for timeless memories and details are important!

☐ A Moment of Reflection and Connection

- **What you need:** Time for the two of you to savor the moment.

- **How to choose:** After your vows, take a quiet walk or a moment to reflect on the journey ahead.

- **Tip:** Let the photographer capture this intimate time. These quiet moments are the heart of your elopement.
